

R_MPinv

```
graph LR; R_MPinv[R_MPinv] --> C_MPinv[C_MPinv]; R_MPinv --> CR_svd[CR_svd]; R_MPinv --> nrow[nrow]; R_MPinv --> ncol[ncol]; C_MPinv --> CR_svd;
```

The diagram is a flowchart with five rectangular nodes. The node 'R_MPinv' is on the left, filled black with white text. It has four outgoing arrows: one to 'C_MPinv' (top), one to 'CR_svd' (top-right), one to 'nrow' (far right), and one to 'ncol' (bottom). 'C_MPinv' has one outgoing arrow to 'CR_svd'. All nodes except 'R_MPinv' are white with black text and black borders. All arrows are dark blue.
