The SVJour document class users guide supplement for
Software Tools for Technology Transfer

19 Febrary 1998

1 Introduction

This document describes the *sttt* option for the SVJour LaTeX 2$_\varepsilon$ document class. For details on manuscript handling and the review process we refer to the *Instructions for authors* in the printed journal. For style matters please consult previous issues of the journal.

2 Initializing the class

As explained in the main *Users guide* you can begin a document for *Software Tools for Technology Transfer* by including

```
\documentclass[sttt]{svjour}
```

as the first line in your text. All other options are also described in the main *User guide*.
